

Huebsch is the answer.

**Vended
50 and 75 lb
Tumble Dryers**

50 and 75 lb Vended Tumble Dryer Specifications

Big Performance

Why are 50 and 75 lb Huebsch commercial dryers a good fit for my laundry?

Extra capacity.

Large capacity washer-extractors are among the most popular washers in today's vended laundry. Owners must have large-capacity dryers to match these machines. Huebsch 50 and 75 lb dryers also are perfect for customers with bulky items such as quilts.

Highly efficient.

Huebsch large capacity drying tumblers give you not only extra capacity, but also superior efficiency with a high performance heater box. A concentrated airflow pattern helps to keep utility costs down and speed customers through their drying cycle.

Additional Features

Beyond efficiency, what Huebsch features help improve my operation overall?

Large door openings.

Huebsch is the answer for fast loading and unloading with 26.89" door openings. When you're able to load and unload quickly, your laundry keeps loads moving.

Easy to clean.

A self-cleaning lint screen means fast efficient lint removal from the dryer's large storage area.

A sophisticated look.

Optional stainless steel fronts and cylinders will give your laundry a polished look that sets it apart from

the competition.

A Great Finish

How will these dryers help my laundry deliver fantastic finished results?

Galaxy™ 600.

The perfect complement to the Galaxy 600 Control on our washer-extractors. Laundry owners can program all Galaxy 600-controlled equipment using our patented Galaxy Vended Software, via infrared technology, and create a completely programmable laundromat. This programming tool enables owners to save time and maximize profits with the ability to modify the tumble dryer's cycle, temperature, price, time (heat, cool-down, top-off) and manage peak customer usage with "time-of-day" pricing.

Unmatched Durability

What sets Huebsch apart from other brands in terms of reliability?

Not just standing behind our equipment, but standing beside you and your business.

Our **Made-In-America** product comes with an industry-leading bond. The entire machine receives Huebsch's standard three-year warranty. In addition, Huebsch has more service representatives in the field than most brands have in their whole organization.
